Grain-Free | No Fillers or Artificial Preservatives | Omega-3 Fatty Acids

Recommended Daily Feeding

Please use the information below as an initial recommendation only and adjust as needed based on age, size, and activity level.

2-5 lbs.	1/4 - 1/3 cup	33-45 gm
6-11 lbs.	1/3 - 1/2 cup	45-67 gm
12 lbs. & up	1/2 - 2/3 cup	67-90 gm

Offer up to four times recommended daily feeding during gestation/lactation.

Offer up to two times recommended daily feeding for kittens.

Making the transition from your cat’s current food should be gradual to prevent any digestive upsets. Allow 7-10 days to make the transition by adding a little more Dr. Elsey’s clean**protein™** each day and decreasing your current cat food.

Dr. Elsey’s clean**protein™** Chicken Recipe is formulated to meet the nutritional levels established by the Association of American Feed Control Officials (AAFCO) Cat Food Nutrient Profiles for all life stages.

Caloric Content (calculated) - Metabolizable Energy: 4,030 kcal/kg, 544 kcal/cup.
